

WOODSTEP® PLUS

ROLL-OUT FOAM-BACKED DANCE FLOORING

COLOR: MAPLE

Woodstep® Plus roll-out foam-backed dance flooring is a slightly textured, heavy-duty surface. It is a multi-layer textured Marley dance floor that looks like Maple wood and installs like any other vinyl dance floor. Exceptionally realistic wood design combines form, function, and ease of installation.

Recommended for ballet, jazz, modern dance and virtually all movement activities.

"When looking to build out a satellite studio for the company in Stanford Connecticut which is a collaboration between Parsons Dance and the Ballet school of Stanford, we turned to Stagestep flooring. A time-tested company with knowledge, experience, and a real support team."

-David Parsons | Artistic Director and Choreographer, Parsons Dance Company
