

WOODSTEP®

ROLL-OUT FOAM-BACKED DANCE FLOORING

COLOR: OAK

Woodstep® roll-out dance flooring is a slightly textured, heavy-duty surface. It is a multi-layer textured marley dance floor that looks like wood and installs like any other vinyl dance floor.

Exceptionally realistic wood design combines form, function, and ease of installation. Resists wear and tear.

"We chose to go with Stagestep floors in our new dance studios because of their long and proven track record. We were impressed with the quality of service as well as the product itself."
